

27 NOV 1970

Honorable George P. Shultz
Director, Office of Management
and Budget
Washington, D. C. 20503

Dear Mr. Shultz:

There is transmitted herewith a proposed report on H. R. 19649, a bill "To direct the Secretary of Commerce to conduct a comprehensive study and investigation of the allocation of frequencies for telecommunications for the purpose of formulating an allocation system to achieve the maximum use of the frequencies for such communications."

Advice is requested as to whether there is any objection to the submission of the proposed report from the standpoint of the Administration's program.

Sincerely,

John M. Maury
Legislative Counsel

CENTRAL INTELLIGENCE AGENCY
WASHINGTON, D.C. 20505

Honorable Harley O. Staggers, Chairman
Committee on Interstate and Foreign Commerce
House of Representatives
Washington, D. C. 20515

Dear Mr. Staggers:

This is in response to your request of October 20, 1970 for report and comment on H. R. 19649, a bill "To direct the Secretary of Commerce to conduct a comprehensive study and investigation of the allocation of frequencies for telecommunications for the purpose of formulating an allocation system to achieve the maximum use of the frequencies for such communications. "

While this Agency has no objection to the proposed bill, our review indicates that H. R. 19649 assigns responsibilities to the Secretary of Commerce which duplicate in some measure the responsibilities of the Director of Telecommunications Policy whose functions were established by Executive Order No. 11556, dated September 4, 1970.

The Office of Management and Budget advises that there is no objection to the submission of this report from the standpoint of the Administration's program.

Sincerely,

John M. Maury
Legislative Counsel
